

**Market Squid Fishery Management Plan  
List of Figures**

Figure 2-1. Number of market squid by age from port samples by sex. ....	17
Figure 2-2. Number of vessels and market squid landings by season for Northern California.....	25
Figure 2-3. Number of vessels and market squid landings by season for Southern California.....	26
Figure 2-4. Average monthly landings in tons for the squid fishery divided at Point Conception into northern (left axis) and southern (right axis) fisheries for the period of 1981 through 2001.....	30
Figure 2-5. Market squid landings from 1927/1928 through 2000/2001 seasons showing the increase in landings for the fishery south of Point Conception.....	31
Figure 2-6. Dollars paid ex-vessel and landings in tons for the 1981-1982 through 2001-2002 seasons. ....	37
Figure 2-7. Geographic location of major fishing areas by CDFG blocks from 1991 through 2000 based on Department landing receipts. ....	40
Figure 3-1. Average daily landings for market squid by season.....	71
Figure 3-2. Daily market squid landings for currently permitted vessels from January 1, 1990 through 30 November 2002. ....	72
Figure 3-3. Daily market squid landings for currently permitted vessels using brail gear from January 1, 1990 through December 2001.....	73

Figure 3-4. Average market squid landings by wattage used to light for squid from May 2000 through November 2002.....	79
Figure 3-5. Market squid landings less than or equal to two tons by season. ....	81
Figure 3-6A. Anacapa Island showing boundary of proposed area closure for seabird protection from 01 February through 30 September .....	116
Figure 3-6B. Santa Barbara Island showing boundary of proposed area closure for seabird protection from 01 February through 30 September .....	117
Figure 3-6C. San Miguel Island showing boundary of proposed area closure for seabird protection from 01 February through 30 September .....	118
Figure. 3-7. Graph showing average tons landed in southern California (south of Point Conception) by month from 1992 through 2001. ....	123
